

Bots that know your business.

WorkFusion ExpertBots™ are pre-trained to automate data-rich mundane work at scale, so you can upskill your workforce, delight your customers and amplify your success.

A bot can do that.

WorkFusion's Intelligent Automation Cloud is your automation command center: Automate from one to 1,000 business processes with remarkable ease and unlimited scale, all on one platform with pre-trained bots, built-in AI and near real-time insights. That's why the world's largest and most-admired companies rely on WorkFusion to automate their operations at scale.

WorkFusion is your “automate at scale” solution

Unlimited scale

WorkFusion offers innovative technology built for scale and security so you can automate any number of processes, with seamless ease and best-in-class speed

Unified platform

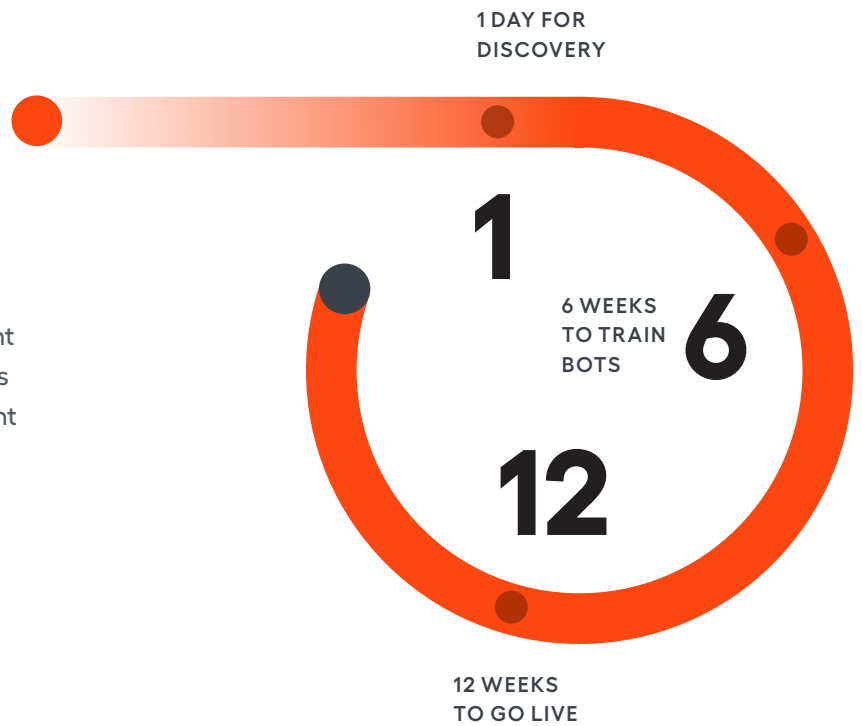

The Intelligent Automation Cloud has everything you need — OCR, RPA, ML, analytics and more — so there's no need to pay for, manage, or stitch together disparate systems

Pre-trained bots

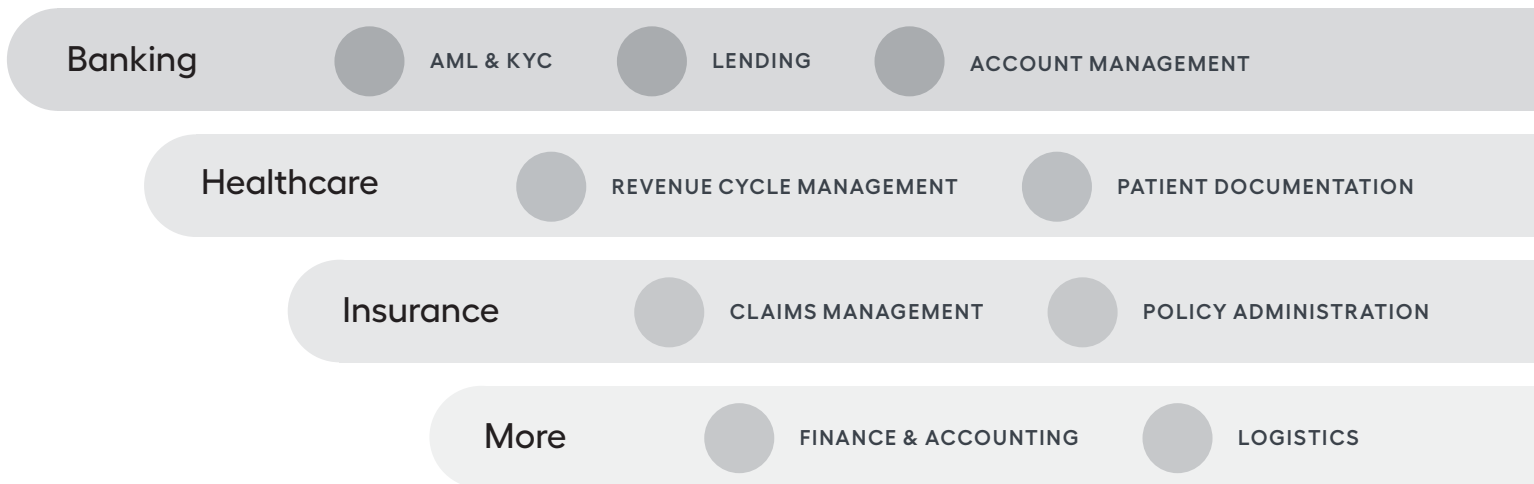

ExpertBots™ are pre-trained to handle specific data types, documents and business workflows so you can automate with confidence, predictability and accuracy

Unrivaled time to value

1 day process discovery and feasibility assessment
6 weeks bot training on your data and documents
12 weeks to go live in your production environment

Pre-built solutions for:

RAISE EMPLOYEE PRODUCTIVITY BY

▲ 80%

SPEED UP DOCUMENT PROCESSING

▲ 4x

ACHIEVE COST SAVINGS UP TO

▲ 90%

INCREASE CAPACITY BY

▲ 70%

“WorkFusion has taken a unique approach to helping automate well beyond RPA, which provides the simplicity and scalability necessary to make critical business decisions based on real-time data and analytics.”
