

Seamless Customer Lifecycle Management

Through Intelligent Automation

Intelligent Automation removes the friction from your entire CLM ecosystem by automatically processing documents, easing your team's workload and providing the immediate service your customers expect.

See real impact within the first 10 weeks:

Proven results automatically processing hundreds of document types and emails:

Proof of Identity Government-issued ID card 94% Government-issued driver's license 96% National ID card 92% Passport 96% Residence card 93% Power of attorney 91% Election / voter ID 81% Government employee ID 79% Defense ID 86%	Proof of Address By-laws 79% Certificate of formation 71% Certificate of Good Standing 69% Offering memorandums 76% Partnership agreement 80% Bank reference letter 78% Telephone bill 91% Utility bill 84% Electricity bill 85%	Beneficial Ownership UBO form 83% Person in control list 81% Structure chart 81% Documents confirming directors 90% Bearer shares certification 79% Authorized Signatory list 84% Organization chart 87%	Business Formation Article (Certificate) of Corporation 72% Article (Certificate) of Incorporation 75% Investor list 91% Certificate of formation 82% By-laws 79% Partnership agreement 78%
